## 1 SDC Revised Updated Document Schedule

- 1.1 The table below (pages 4 – 6) includes the full list of documents written by the South Downs Campaign (SDC) and submitted to the re-opened inquiry. It does not include the documents submitted by the SDC in the first part of the inquiry. For a list of those documents it is necessary to refer to CD 261r.
- 1.2 The documents have been split into various headings in the table but these are by no means exclusive. For example, some documents which relate to the Western Weald can be found under the *Various* or *Other* headings.
